Extraordinary Photos with 10-Ink Pigment-based System

Lucia inks produce incredible color and monochrome prints on both fine art and glossy photo papers. The Chroma Optimizer offers consistent glossiness on coated media. Lucia inks add brilliance, contrast, depth and richness to photos, whether they're in color or black & white.

Optimized Image Quality on Every Print

The OIG System logically selects the optimum ink combination and placement of every droplet of ink. It analyzes the intended color, then determines the best combination of inks and optimizes for graininess and gradation, color gamut, black density, uniform glossiness, anti-bronzing & metamerism.

Printing Support for a Variety of Paper Types and Sizes

The PRO-10 can print photos in sizes from 4" x 6" up to 13" x 19". The PRO-10 supports printing on a variety of specialty photo papers up to 350 g/m. This includes Canon Photo Paper Pro Platinum, Luster, Photo Paper Plus Semi-Gloss, Premium Matte and wide support for third-party photo papers.

Simplified Printing Workflow Solution

Do your customers use Canon digital SLR cameras? Do they use Adobe® Photoshop®? The Print Studio Pro plug-in provides an easy and seamless printing workflow solution. Compatible with Canon Digital Photo Professional, Adobe Photoshop, Adobe Photoshop Elements or Adobe Photoshop Lightroom®.[2]

Easy to Connect Anywhere in the Office or Studio

The PRO-10 includes both Wi-Fi and Ethernet connectivity, so photographers can it place it conveniently anywhere their studio. The PRO-10 also supports printing on CD/DVD discs.[1]

PIXMA PRO-10 Wireless Professional Photo Printer

Why Choose the PRO-10

Over the Epson Stylus Photo R3000

- Chroma Optimizer offers uniform glossiness and darker black density on coated media.[3]
- Advanced photo editing tools / easy photo printing: Print Studio Pro plug-in compatible with Canon Digital Photo Professional and select Adobe® applications.[2]
- Why waste ink? The PRO-10 has dedicated nozzles for all ink tanks. The R3000 does not: it uses only 8 inks at one time, and purges up to 3ml of ink when switching between media types.

1 Wireless printing requires a working Ethernet network with wireless 802.11b/g or n capability. Wireless performance may vary based on terrain and distance between the printer and wireless network clients.

2 Print Studio Pro plug-in software is compatible with Adobe Photoshop CS4/CS5/CS5.1, Adobe Photoshop Elements 8/9/10, Adobe Photoshop Lightroom 2.7/3 and Canon Digital Photo Professional 3.12 or later.

3 Resolution may vary based on printer driver setting. Color ink droplets can be placed with a horizontal pitch of 1/4800 inch at minimum.

4 Photo print speeds are based on the standard mode driver setting using photo test pattern(s) and select Canon Photo Paper. Print speed is measured as soon as first page begins to feed into printer and will vary depending on system configuration, interface, software, document complexity, print mode, types of paper used and page coverage. See **www.usa.canon.com/printspeed** for additional information.

5 Printer firmware update may be necessary for AirPrint function. Certain exceptions may apply. A PC running Windows XP or later or A Mac running OS 10.5.8 or later and USB cable required to perform firmware update. AirPrint functionality requires an iPad, iPhone 3GS or later, or iPod touch 3rd generation or later device running iOS 4.2 or later, and an AirPrint-enabled printer connected to the same network as your iOS device. A printer connected to the USB port of your Mac, PC, AirPort Base station, or Time Capsule is not supported

6 “Full HD Movie Print” is available from “MOV” and “MP4” movie files created by select Canon EOS, PowerShot and Vixia digital cameras and camcorders. Requires a PC, or Mac with Intel® processor and Canon ZoomBrowser EX 6.5 or later or Canon ImageBrowser 6.5 or later for “MOV” files, or Canon ImageBrowser EX 1.0 or later for “MOV” or “MP4” files.

7 To install using Windows® OS, .NET Framework 4 is required. Compatible still image formats are PDF (created using Canon PDF Creator only), JPEG (Exif), TIFF, and PNG. Compatible video formats are MOV (from select Canon digital cameras only) and MP4 (from select Canon digital camcorders only). System requirements vary by application. For Mac OS, an Internet connection is required during software installation. For Windows OS, .NET Framework 4 is required to install My Image Garden and Quick Menu.

8 Print Your Days requires Microsoft Silverlight 5, an Internet connection and runs on Windows Internet Explorer 8, 9 and Google Chrome on a PC running Windows 7 or Windows Vista. Will also work in Firefox under Windows 7 (32-bit) and Windows Vista (32-bit). Requires mobile phone equipped with PictBridge technology and a USB cable.

9 Requires Canon Easy-PhotoPrint for iPhone app, available for free on the App Store, Canon Easy-PhotoPrint for Android app available for free on Google Play, or Canon Easy-PhotoPrint for Windows RT app available free on the Windows Store. Compatible with iPhone 3G, 3GS, 4, 4S, iPod touch, Android devices running Android OS 1.6 or later and Windows RT.

10 Envelopes and High Resolution Paper are NOT supported for borderless printing. Warranty programs are subject to certain conditions and restrictions. See **www.usa.canon.com/support** for details.

11 Compatible with Windows Vista and Windows 7.

12 Warranty programs are subject to certain conditions and restrictions. See www.usa.canon.com/support for details.
